

*Coming together*

to offer you the very best in  
specialty insurance products

We're delighted to inform you of the strategic partnership created between Wilson M. Beck Insurance Services (Specialty) Inc., also known as WMB Specialty, and the First Nations Major Projects Coalition (FNMPC) Advisory Centre to offer essential insurance and risk management services to the FNMPC members and external entities.

WMB Specialty's focus is to be the leader in risk management services and specialty insurance products to the entities and organizations that are involved in projects that affect indigenous territories. They work with medium- to large-sized project proponents to understand the situation and the commercial insurance needs so that they can help recommend and source the most appropriate insurance program specific to the situation.

## Champion Support Program

WMB Specialty, in partnership with FNMPC Advisory Centre, has developed the Champion Support Program, which provides a portion of profits generated through the program to sustain the First Nation Major Project Coalition's not-for-profit services for its membership and maintained well into the future.

The Strategic Partnership between WMB Specialty and the FNMPC Advisory Centre is a First Nation-focused insurance program that delivers insurance services for public and private sector clients and First Nations, corporations, and businesses. This partnership brings together professionals from the Insurance Industry with decades of experience advising on insurance strategies to deliver specialized members-driven insurance plans to mitigate and minimize risk exposure.

# Who We Are

## About the FNMPC Advisory Centre

The FNMPC Advisory Centre is an Indigenous community owned business providing strategic advisory services and advice to the private sector on matters such as the inclusion of Indigenous interests in ESG frameworks and standard setting, the building of business strategies that are inclusive of Indigenous participation, and the provision of advice leading to clear pathways to economic reconciliation.

- » Revenue generating arm of the First Nations Major Projects Coalition
- » 100% First Nation-owned
- » Net revenues are used to fund programs and services used to assist FNMPC First Nation members across Canada in making informed business decisions

## About WMB Insurance Services (Specialty) Inc.

WMB Specialty is a boutique, specialized risk advisory and insurance placement firm that focuses on hard-to-place insurance programs. We do not believe that there is a “one size fits all” solution to insurance; we work with each of our clients to understand their industry, their business(es), and their needs, in order to find the most appropriate insurance program specific to their situation. At WMB Specialty, our motto is *We Care. We Help*, and that mentality permeates every aspect of our business. We are committed to providing the highest level of customer service to our clients.
